PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with a 3.71 CGPA seeking an 8-month Computer Science internship (May 2028 – December 2028). Strong foundation in web technologies, object-oriented programming, and data visualization. Proven ability to lead technical projects, implement algorithms, and design user-centric interfaces. Eager to contribute to innovative software solutions and collaborate with industry professionals.

EDUCATION

- **Bachelor of Computer Science (Honours) | Current CGPA: 3.71 | Sept 2025 – Present**
  Universiti Teknologi PETRONAS(UTP)
  - **Relevant Coursework:** Structured Programming, Computer Systems, Object-Oriented Programming, Data Communication and Network, Artificial Intelligence, Software Engineering, Database Information Management, Algorithm & Data Structure
- **Foundation in Computer Science | CGPA: 3.82 | Sept 2024 – Sept 2025**
  Universiti Teknologi PETRONAS(UTP)
  - **Relevant Coursework:** Problem Solving & Programming, Introduction to Business & Information System, Visual Programming, Business Management
- **Sijil Pelajaran Malaysia (SPM) | 10As' | Jan 2019 – Feb 2024**
  SMKA Kerian Tahfiz Model Ulul Albab

TECHNICAL SKILLS

Programming Languages: Python, C++, C#, Visual Basic, JavaScript, HTML, CSS, SQL
Tools & Frameworks: Visual Studio Code, React, Node.js, Git, GitHub, Google Colab
Design & Analytics: Figma, Power BI, Chart.js, Microsoft Excel

TECHNICAL PROJECTS

plan.je - Interactive Travel & Budget Management Platform | Aug 2026
- Developed a responsive travel budgeting web application using HTML, CSS, JavaScript, and Chart.js, implementing dynamic budget recalculation based on transportation, accommodation, and daily spending inputs.

CareerOrbit - AI Career Path Platform | June 2026
- Developed an AI-powered career mentoring assistant utilizing React, Node.js, and Gemini API to provide personalized skill development strategies.
- Engineered a dynamic career discovery engine that automatically matches user profiles and portfolios to relevant job postings.

Oolar - Object-Oriented Game Application | Mar 2026 – Jul 2026
- Created an interactive C# console-based game leveraging Object-Oriented Programming (OOP) principles, including class structures, inheritance, and polymorphism.
- Implemented custom game mechanics, movement vectors, and complex collision logic to ensure smooth bug-free performance.

UFind - University Marketplace Application | Oct 2025

- Served as Technical Lead for a foundation group programming project, directing the software development lifecycle.
- Built and deployed a university marketplace application using Visual Basic to facilitate student transactions.

LEADERSHIP & INVOLVEMENT

Head of Unit | Hal Ehwal Siswi (HELWI) Rakan Masjid UTP | Sept 2026
- Spearheaded the end-to-end coordination of targeted programs, managing logistical workflows and event itineraries.

Head of Talent Development | Kelab Citra Nusantara UTP | Sept 2026
- Designed and structured comprehensive training schedules to cultivate public speaking and traditional poetry (pantun) skills for junior members.

Secretary | Sayembara Pantun Piala Mestika Embun | May 2026
- Managed all core administrative workflows such as drafting official proposals, recording detailed meeting minutes and maintaining comprehensive event documentation.
- Supervised media department to ensure all digital assets were delivered on strict event deadlines.

Head of Media | & Kelab Citra Nusantara | Sept 2025 – May 2026
- Managed core administrative workflows, drafted official proposals, and led a cross-functional media department to deliver digital assets on strict deadlines.

VOLUNTEER EXPERIENCE

Facilitator Empowerflow 2.0 | August 2026
- Conducted health and hygiene awareness sessions for Orang Asli children, delivering informative and sensitive talks on menstrual management to promote well-being and personal care.

Facilitator Sit Tight Speak Right 9.0 Narathiwat | June 2026
- Facilitated creative English language modules for university students in Thailand and mentored participants in public speaking by guiding them to build their confidence and capability to deliver presentations in English.

Volunteer MySaveFood | March 2026
- Assisted in food rescue operations by surplus food from local bazaar Ramadhan to mitigate food waste and visited house-to-house to distribute meals directly to underprivileged communities and families in need.

Facilitator Kem Super Syabab| December 2025
- Guided and managed groups of young participants (ages 7–16) through various interactive camp modules and team-building activities and served as the Emcee for the event.

CERTIFICATIONS & AWARDS

• Third Place, Sayembara Pantun Era Teknologi Baharu (SUTERA) | Oct 2025
• Understanding Digital Transformation Certificate | Sept 2026
